\*N/A responses indicate that the participant felt they did not have the information or experience required to respond to a question.

<b>Question:</b>	Explain what supported your learning in this course, and provide any suggestions for change.
<b>Response Rate:</b>	90.48% (19 of 21)
1	the schedule was well paced
2	no changes
3	hands-on assignments supported my learning the most. i suggest more time to be given to complete assignments.
4	The textbook was helpful and the instructions for assignments were always clear.
5	The textbook followed the lessons perfectly and were very helpful for the assignments.
6	The textbook that was provided and videos the professor recommended
7	The textbook and professors announcements with tips are what helped me most
8	The text book supported my learning and helped me understand the assignments in depth. I would suggestion maybe one group project for this class. Sometimes the work got to be a lot and I think if it was divided up more it could get done easier.
9	The project feedback really helped.
10	The help and posts from the professor helped support my learning in this course.
11	The discussions and projects
12	Professor's instructions were incredibly clear and had links to every bit of info we need as well as outside information that was helpful

13	Professor clearly explained our assignments and if there was any issues they would clarify fast.
14	Loved the fully online experience.
15	I liked that this course was very hands on. We weren't just learning about web design, we were actively designing websites the whole semester, which really helped me understand all the key factors when designing a website, and I appreciate that we got to use multiple different sites to design instead of just one.
16	I enjoyed every part of this course, the open ended responses helped me learn more than connect assignments.
17	Business web desifn
18	Being able to use actual websites that can create websites that can create websites was helpful because I was able to learn in a hands-on matter. I don't believe anything needs to be changed.
19	Allowing my creativity to flow through building websites. i would appreciate him being more understanding and lenient for late work

<b>Question:</b>	<b>Comment specifically on how texts, materials, assignments, and/or activities contributed to your learning.</b>
<b>Response Rate:</b>	<b>90.48% (19 of 21)</b>
1	very well
2	the assignemts allowed to learn things I will actually be doing in my job as well as have things to add on my resume
3	overall all helped my learning
4	helped me think from a consumer perspective when building websites
5	activities contributed to my learning by being a realistic learning tool.
6	We used the textbook a lot
7	They followed each other and allowed me to grow from reading and doing.
8	The use of Cengage providing an e-course title allowed me to read and study the course material from anywhere. The material I learned about web designing has allowed me to use that knowledge in real-time.
9	The textbook we used helped me throughout the course.
10	The projects taught me great web deisgn skills and let me put my creativity and imagination to the test.
11	The professor clearly outlined all materials with precise details of the assignment.
12	The material and projects helped me learn all of the concepts in this course.
13	The assignments were very helpful when creating websites. I learned a lot which can help me for the future work field.
14	The assignments were "real-life" assignments so that made them feel useful outside of school which helped learning material become important.
15	The assignments were very tedious but also help me to better understand the material.
16	Same as above
17	I learned mostly through our textbook.
18	Going back and forth between discussion posts related to the textbook, and designing our websites each week helped me connect the material to the assignments and I thought it was very affective.
19	Everything was catered to the student.

<b>Question:</b>	<b>Comment specifically on the instructor's overall effectiveness in this course.</b>
<b>Response Rate:</b>	<b>90.48% (19 of 21)</b>
1	very effective
2	moderately effective
3	Very resourceful
4	This class is very well organized, and the professor provides the right instructions and materials for students to succeed. I thoroughly enjoyed this class.
5	The professor did an excellent job in giving instructions for each assignment and gave plent of source material such as tutorials if we struggled with the assignments.
6	The professor did a great job at explaining material, and helping when needed.
7	The instructor was Barry helpful if you had any confusion. Responded in a timely manner.
8	Professor Hazari was always helpful and always emailed me back when I had questions. He was always giving helpful tips and suggestions.
9	Overall, very effective. My only suggestion would be to provide more newly dated videos/tutorials, to help with website assignments.
10	Overall good instructor
11	Mr. Hazari was helpful while instructing this course. He provided feedback that was insightful, and contributed to how I proceeded with the course.
12	It's was fine
13	I really like that the professor clearly lays out the instructions for each week all on one page and the organization of his course, made it easy to stay on track.
14	I can tell he wants us to succeed
15	I love this professor, prepared me for my career
16	He was overall very attatentive to students.
17	He stated what he expected us to do very clearly. He lacked understanding when I needed to turn in a assignment late
18	He did a great job
19	10/10
